NO. 1

MEYER BOUND OVER

Justice Welch Holds Wadsworth Man on Charge of Manslaughter

RELEASED ON \$15,000 BAIL

New Witnesses Gave Testimony at Preliminary Hearing—Much Interest Expressed in Case

Matthew Meyer, the Wadsworth man accused of having shot and killed Wm. Gallagher of the same village, had his preliminary hearing before Justice James Welch Thursday afternoon and was bound over to the grand jury in bonds of \$15,000 on a charge of manslaughter. State's Attorney Dady had urged that his alleged crime be considered a capital offense and that he be bound over on a charge of murder.

The hearing attracted more interest than any similar case in years. Justice Welch's court would not accommodate the relatives and spectators and all repaired to the Supervisors' room in the county building. This was filled to the very doors.

The following witnesses were called, the majority having testified at the coroner's inquest: William H. Jordani, Mrs. Catherine Schultz, Mrs. Catherine Mueller, Dr. F. C. Foley, Henry Sales, Edward Conrad, Miss Margaret Meyer, Andrew Larson.

Andrew Larson, formerly employed as hired man for Meyer, was put on the stand and proved a valuable witness for the defense.

He told of the charivari which followed the wedding of Meyer on April 14. At this time he testified that Meyer had intended to treat those who turned out but that when they began to destroy his property he refused to do so. Among the things done at the charivari he said were the following: Windows in the house were broken and live chickens and steaks of wood thrown inside, threw whitewash on the barn, tore the shingles from the roof of a shed, tipped over cans of milk, etc., etc. When Meyer went out of the house with a gun he says the party outside took the gun away from him and made him suffer all kinds of indignities. Miss Margaret Meyer, sister of Matthew, bore Larson out in his testimony. She said one of the things done which showed the meanness of the men was when they took her brother's new hat and covered it with axle grease.

The evidence of Henry C. Sales of Russell, an old soldier, proved to be important as it showed that the four men who drove to the house of Meyer on the night of the shooting had been looking for trouble. Mr. Sales was one of the most centric witnesses ever heard. His droll humor kept the spectators convulsed at nearly all time while he was testifying.

In answer to question Mr. Sales told his history as follows: "The four men whom I have seen learned were Gallagher, Lux, Deegan and Ruff drove up to my place about five o'clock in the afternoon. One of them got out and walked up to where I was sitting on the porch.

"Was he intoxicated?" a lawyer interrupted.

"Well I know anything about it he was pretty drunk," was the reply in a droll tone of voice.

"I had my shot gun lying against the house near me," he continued. "I had been using it to shoot hawks which bothered my chickens. What do you do with that," he asked pointing at the gun. Oh, I use it for different purposes when I have to, I told him.

"Then he grabbed it and so did I—he got the hot end. Then there was some nice stepping around in front of the gun then three of them got hold of it. Then the gun went off but I wasn't on the dangerous end of it. Then they threw me down and took the gun away from me. One wanted to kick the stuffing out of me but they walked away with the gun and left the stuffing in me.

State's Attorney Dady and Assistant State's Attorney Runyard both asked that Meyer be bound over to the grand jury on a charge of murder. They said that he had premeditated the act as he had plenty of time to cool off and consider his actions after the affair at wedding and again on the Fourth of July.

Attorney Pope for the defense made an eloquent plea and showed how Meyer had been persecuted as few men have been; how he had stood it until he could stand no more and that when he did fire the shot he did it when he thought Gallagher was about to attack his sister as the evidence showed he was advancing toward her when the shot was fired. Everyone who heard it was stirred by plea.

TO REPUBLICAN VOTERS

John Hodge Candidate for Superintendent of Schools Outlines His Policy

I am a candidate for the office of County Superintendent of schools. My theory is that the chief duty of a superintendent is to superintend, and incidentally, to do it himself.

I believe that by schools we mean both grade and high schools, but that the grade school is the institution reaching the greater number of people, the fundamental principal of the "greatest good to the greatest number" imperatively demands that the grade or so-called "Common School" should be the chiefest interest of a superintendent in a county like ours.

It is my ambition to have the opportunity to so organize the common school system here that it can be truthfully said at the end of four years that Lake county has the finest grade schools in the state.

My maxim is: build strongly at the bottom—so that if a boy or girl cannot go to high school he can take what he has and face the world unvexed by fear. If he can go further, why, he has won half his battle in his common school preparation. Build at the top if you can, but build at the bottom you must.

Whether this is mere talk or not depends on my ability to perform—I know that—depends upon my qualifications and character. Upon such things would you like to be judged, by what you had done or by prejudice, which? If by the former I respectfully refer you to the several districts of Lake county (easily ascertained), where I have worked and lived.

Results are what you want—they are what I have always sought—always worked for—and they are what I want to come as witnesses for me in this behalf.

Will you do me the justice to thus investigate? Upon this result judge me. If I am all right I ask your vote. If I am wrong I yield the right to ask.

I have had no "pull" in this life—I am long accustomed to being judged by what I am, and what I can do.

Very truly,
John Hodge.

CONDUCTOR INJURS MAN

Man Lies in Serious Condition as Result of Unjustified Attack

Patrons of the Rockefeller branch of the electric road are complaining about one of the conductors on that division who is reported to be brutal to the passengers at times.

One day last week, it is reported, a young man who is suffering from a mental disorder was so badly injured by this conductor that he is in a very serious condition. The man got on the car at Libertyville and paid his fare to Roundout, where he intended to get off to go to his home. He did not get off, however, and the conductor came for another fare.

People on the car told the conductor that the young man was not entirely responsible, but the conductor declared that he was drunk and bent him frightfully. Passengers declare that there was absolutely no excuse for this, and that the man was not even given a chance to pay his fare.

The poor man's face was beaten to a jelly, and the ear was stopped and in spite of the man's pleas and the passenger's demands, the conductor threw him out and he rolled down the bank.

Passengers declare that the conductor at the time had a "heavy breath," but the conductor, it is said later, declared that he was all right, but that he thought the man was intoxicated.

RACES AT ELKHORN FAIR SEPT. 20, - 23

Purses aggregation \$49000 have been put up for the various speed events at the Walworth County fair to be held at Elkhorn, Sept. 20-23. Two of the purses are \$800 each; two \$600; one \$500 and four are \$400 each. Four of the events which have closed show forty-three horses entered, while entries in the other five which do not close until Sept. 16, are being received daily, and the field promises to be the best in the history of the fair. The schedule of the various events follows:

WEDNESDAY, SEPT. 21.

2:15 Pace.....Closed.....\$600
2:35 Pace.....Purse.....400
2:20 Trot.....Purse.....400

THURSDAY, SEPT. 22.

2:25 Pace.....Closed.....\$800
2:15 Trot.....Closed.....600
2:35 Trot.....Purse.....400

FRIDAY, SEPT. 23.

2:25 Trot.....Closed.....\$800
Free-for-all Pace.....400
2:20 Pace.....Purse.....400

DAIRYMEN

BECOMING AROUSSED

In the fight State Senator A. J. Olsen has been making on Speaker Shurtleff, whose defeat he seeks, to gratify the animosity of Governor Deneen, Mr. Olsen is now getting much the worst of it. The Woodstock State Senator has made great pretensions to be an especial servant of the dairy interests of this district; his promises two years ago, and his speeches from various platforms in McHenry and Boone counties in the present campaign witnessing his strong claims as to his work for the dairymen.

Mr. Shurtleff has turned the tables on Mr. Olsen, who did not know when he started in this campaign that a drastic bill had passed the Senate of which Mr. Olsen was a member. The bill in question was known as Senate Bill No. 438 and was introduced by State Senator John Humphrey of Chicago. It was a measure that would compel all dairymen to have their cows submitted to a tuberculin test.

This bill would bring much hardship on dairymen, for it did not carry any provision to pay those who might have cows slaughtered, except what the carcass of the animal killed would bring.

The bill passed the Senate by forty-one Senators voting for it and not a single Senator voting against it. Mr. Olsen was either present and did not vote or else he was not attending to his duty as a representative of the dairymen.

When Mr. Olsen commenced his present job of naming a Congressman, member of the Legislature and a full set of county officers in McHenry county, he stated from various platforms where he spoke of how he had thrown Dr. Evans, Chicago Health officer, out of the Committee room and how he had carried around in his pocket a Tuberculin testing bill which Dr. Evans wanted passed. As Chairman of the Live Stock and Dairy Committee, Mr. Olsen gave a graphic account of how he had routed the Chicago Health Officer and of other feats of prowess he had performed while saving the dairymen from having tuberculin testing law saddled upon them. As proof of how he carried the bill around in his pocket and would not let his Committee consider the measure, he had stated that any person doubting his word may write to Dr. Wright, the State Veterinarian, and see if what he says is not true. Mr. Olsen continually refers to Dr. Wright, State Veterinarian, to corroborate what he claims of permitting Senate Bill 438 to pass the Senate. "In order to please Dr. Wright," New, this same Dr. Wright, State Veterinarian, after the close of the Legislature fourteen months ago, through the state board of Live Stock Commissioners and for the purpose of aiding and assisting Dr. Evans of Chicago, caused an order to be issued, making it imperative that all dairy cows in the state of Illinois must be tested by tuberculin before

their milk could be sold upon the market.

The order thus promulgated provided that all cows that re-acted should and must have the letter "T" punched in their ears to show that they were diseased, and cows only that did not re-act could furnish milk for sale. After this drastic order became known Speaker Shurtleff went personally to the Chairman of the State Board of Live Stock Commissioners, Phil Hainer, at Springfield and showed Mr. Hainer the injustice and illegality of the order and how it would get the State Board into trouble.

After a full and complete discussion of the subject Mr. Hainer said that the State Board of Live Stock Commissioners never made any such order, as a Board, but that Dr. Wright, State Veterinarian, himself made the order as a matter personal to himself. Mr. Hainer also told Mr. Shurtleff that Dr. Wright asked the Board if they had any objection and that the Board told Dr. Wright, that if the board was not involved in any way, to go ahead and do it, but that the board would not stand back of it.

Mr. Shurtleff explained to Mr. Hainer how the State Board, of which he was Chairman, was responsible for the permission granted to Dr. Wright. After some discussion Mr. Hainer agreed with Mr. Shurtleff's presentation of the matter and Mr. Hainer said that he would see that Dr. Wright stopped the work he had started on. And it was stopped, through the part Mr. Shurtleff took in the matter.

Dr. Wright, State Veterinarian, and A. J. Olsen, State Senator, are close friends according to the later, and it is evident that such is true, for Mr. Olsen has obtained jobs for some of his friends from Dr. Wright; the State Veterinarian, one of the places an appointed in McHenry County under Dr. Wright, as assistant State Veterinarian. Olsen and Dr. Wright are close friends. Dr. Wright stands for Evans' exaction in the way of legislature he wants at Springfield, and the legislation that Dr. Evans wants is at the expense of Northern Illinois Dairymen.

Dairymen of the legislature district should not be fooled by claptrap on the part of Mr. Olsen, who is continually telling of what he has done and is going to do for the dairymen, as their representative at Springfield. His negligence in permitting Senate Bill 438 to pass the Senate and his ignorance in not knowing that such a measure ever passed until almost a year, after it was printed in the Senate Journal, is sufficient to indicate his knowledge of legislation at the State Capital, and his insipid explanation of how the bill passed the Senate, unworthy to be presented by a school boy.

Remember that Mr. Olsen is one of the two men, who are paying the campaign expenses of J. H. Vickers to represent this district at Springfield.

ZION WOMAN

COMMITTS SUICIDE

Troubled over the breaking up of her home and loss of her children and thought to be laboring under temporary insanity brought on by religious mania, Mrs. Carrie Lange Jensen, of Zion City, divorced wife of Knut Jensen, night watchman at the plant of the Windsor Spring Company, of Kenosha, ended her troubles by jumping into the lake at Kenosha Sunday afternoon. A half hour later the body was recovered.

Mrs. Jensen had been living with her son at Zion City and it is supposed that she went to Kenosha Sunday with a view of committing suicide. For half an hour before plunging into the waters of the lake she had sat on the sidewalk 50 yards from the breakwater watching the waters. Her actions attracted attention of the people. She seemed to be muttering a prayer. Just before five o'clock she leaped from the breakwater. People who had seen her ran to the breakwater and the Misses Stacy secured a clothes line and threw it out but she was either unconscious or in determination to die refused to accept it.

Two years ago Mrs. Jensen secured a divorce from her husband and she was given custody of the three children, but her to daughter lately had gone to make their home with their father. The husband claimed their troubles had been brought on through religious fanatics, connected with the Dowie church. Mrs. Jensen had been a close follower of Dowie and her zeal finally dethroned her reason.

WHAT JACKSON FAVORS

Some of the Things He Will Work for if Elected to the Legislature

In presenting myself as a candidate for the Republican nomination for Representative I have no intention of attacking the public record or personal character of any other candidate. What I, as a candidate, might say about an opponent would probably receive slight consideration and even suppose all the other candidates are unsatisfactory, such fact would furnish no evidence that I am worthy of support.

Under the circumstances it seems fitting that I should give to the voters of my district some action of my intention if elected, and I have therefore drawn up the following statement for their consideration.

I am in favor of and shall work for:

The extension of civil service laws.

A law abolishing the use of railroad passes by public officials.

The Referendum where a substantial petition is filed.

The reform of court procedure looking to the simplification of practice.

A law providing for the publication of campaign expenses.

If an opportunity is afforded to vote for a United States Senator, I shall vote only for one who stands for progressive legislation as exemplified by the Roosevelt policies.

I believe that the Illinois constitution should be changed by a constitutional convention and particularly, that it should be amended abolishing the vicious plan of minority representation.

The Eighth Senatorial District is a dairy district and I conceive it to be the duty of all representatives from this district to represent the interests of the dairy people, and no candidate for office of representative should do anything but look after the interests of his constituents.

It will be my aim to further the cause of good roads so far as possible.

I believe that the public schools would be more efficient and less expensive if the township were the unit instead of the district.

In general, I shall aim to further the interests of my district, and of the state, and to that end, will co-operate with the best class of legislators, but on all party matters or measures, will participate in, and abide by the decision of the Republican caucus.

DAVID H. JACKSON.

POLITICIANS

UNDER SPELL OF HOODOO

There is a new disease. It takes different forms, but hits the same kind of people—politicians.

A few days ago Hiram Ferry got a small piece of foreign matter in his eye. He neglected to care for it and as a result it is said that a Milwaukee specialist has ordered him to the hospital for a two weeks' treatment. The accident coming at this time is a serious blow to Mr. Ferry who is a candidate for county clerk. If he follows the instructions of the physician he will not be able to make any further campaign as the primaries are just one week away.

Mr. Ferry does not know just how he got the particle in his eye. At first he did not think it amounted to anything and allowed it to go for two days. The eye became so badly inflamed that he sent for a brother-in-law, a physician who lives in the west.

Upon his arrival here the physician recommended Mr. Ferry to consult an oculist specialist in Milwaukee. He did so and received a treatment. Thursday another investigation was made of his eye and he was told he must go to the hospital and remain there two weeks.

George Quentin had his hand scratched the other day, and is threatened with blood poisoning.

Thus far no other candidates have reported, but it looks as if there was some kind of a "hoodoo" and all candidates are urged to rap on wood in order to keep the evil disease spirits away.

Golf With an Expert.

A story is told of two old antagonists who met on a Scotch golf course every Saturday afternoon.

On one occasion, when they were all "square" at the seventeenth and the loser of the previous week had just played his third in the shape of a nice approach to the green, last week's winner came up to his ball with grim purpose. He had an easy pitch to the green, but a number of young "sheep" were unconcernedly browsing along the edge.

"Run forward, laddie," said last week's winner to his caddy, "and drive awn' the lamb!"

"Na, na!" vigorously protested his opponent. "Bide where ye be, laddie! Ye canna move any growin' thing! That's the rule o' growin'!"—Lippa's Magazine.

TERRIBLE BATTLE WITH DOG

Crazed Animal Turns on Master and Literally Chews His Arms to Pieces

WIFE BEATS BRUTE OFF

A Neighbor, Attracted to the Scene by the Noise, Is Also Attacked by the Brute and Severely Bitten

The worst attack ever reported on human being by a dog in Waukegan is that of Monday night when a ferocious beast set upon and almost killed its owner and also the man who came to his aid.

The two men were saved from possible death by the interference of the owner's wife, who, with a lead pipe, beat off the animal and rendered it semi-conscious, just long enough for them to force it into a pantry where it was kept until it was shot to death.

The victims are John Kolens, 11th and Prescott street, and Frank Slabe, a neighbor.

The injuries to the owner of the animal are the worst and it is stated by men who saw the victim that they never saw such a mangled body as Kolens possesses, that is, from a dog's fangs.

For a few days the animal had been acting cross. He snapped at children and the owner had kept him in the basement all Monday because of his actions.

Later, he let the animal out for his evening meal and it was while he was eating that the owner started to take hold of his collar to tie him up. The animal then turned on him and then began the struggle for life.

The animal was a large brute and, enraged at his treatment, fastened his fangs in the owner's throat. The victim beat him off but the dog came back and drove his teeth into Kolens' arm. He chewed his arm from his hand to his shoulder and then got hold of his other arm and did the same to that. He even fastened his teeth in his master's side and tore deep wounds there. Half dead from the experience, Kolens was pushed against the fence and it was there that the animal had him pinned and was chewing him fiercely when his friend, Slabe, appeared on the scene.

Slabe tried to get hold of the animal's collar but it turned on him and fastened his teeth in his arm, also chewing him badly before he was rescued. He tore his right hand, both hands were terribly lacerated and his face was also bitten.

Just then the wife of Kolens heard the noise, grasped the situation and grabbed a piece of lead pipe with which she hastened to the scene and dealt the animal a blow on the head that rendered it semi-conscious.

The men hurriedly made their escape and others joined them and hustled the animal into the pantry where it was held until it was shot by a North Chicago officer.

Dr. Kalowsky was called to attend the men and he states he never saw two men so terribly lacerated from dog bites as these were. The flesh on their arms is literally hacked to pieces and the men will be laid up long.

Steps have been taken to have the animal's head cut off and sent away for examination as to the rabies. It is not believed that the animal was mad as it had shown no signs of rabies. However, it is felt safer to have its head examined so that proper care may be given the men.

HOW TO VOTE FOR REPRESENTATIVES IN GENERAL ASSEMBLY

The following quotation is taken from section 11 of the Illinois Primary Election Laws, in force July 1, 1910, and may contain information of value to many of our readers:

"In all primaries for the nomination of candidates for Representatives in the General Assembly each qualified primary elector may cast three votes for one candidate or may distribute the same or equal parts thereof among two candidates or three candidates as he shall see fit. And the said candidate or candidates for nomination highest in votes shall be declared nominated for the office to be filled."

A First Impression.

OTIS L. TRENNY, Pres.

KENOSHA, WIS.

THOMAS F. BURNS

Candidate for Minority Representative in the General Assembly

HIS PLATFORM

"I favor the economical expenditure of public monies and the immediate abolition of old time extravagant methods. I favor laws that will be beneficial for the farmers, dairymen and stock-raisers of this great commonwealth, the municipal control of gas, electric and water systems, the establishment of good roads and an economical system of expenditure for their permanent maintenance, convict labor to be used as far as possible. I favor the passage of laws that protect the members of fraternal insurance organization, against the encroachments of powerful old line insurance companies. I am opposed to any deep waterway legislation by this state until such time as the Federal Government assures its financial support of the project. I am for the rigid enforcement of laws governing the practice of medicine and surgery, and the enactment of such laws as will protect the people against unscrupulous practitioners. I believe there should be just and equitable measures of protection to employer and employee, the conservation of all our national resources, the encouragement, support and advancement of all our public, educational and charitable institutions, in order that they may be placed on the highest plane of efficiency."

OPEN AIR MEETINGS

Local News Items

Walworth County Fair at Elkhorn, Sept. 20, 21, 22, 23.

C. M. Waterman of Milwaukee, is visiting at the home of J. H. Goodrich.

Robert Kelly of Chicago spent Sunday and Labor day with his brother Charles and family.

Mrs. H. S. O'Brien and little son of Milwaukee, Wis., arrived Saturday for a visit with relatives and friends here.

J. C. James has a display of his Mail box, mail box signals and school desk signals on exhibition at the fair this week.

Mr. and Mrs. Homer Galpin of Chicago were the guests of Mr. and Mrs. A. N. Tiffany, the latter part of last and the fore part of this week.

For Sale—A seven room house in the village of Antioch, lot 50x150, village water in house, good cellar, good barn price reasonable. Also 8 room dwelling, lot 66x170, house new, both hot and cold water, hot water heat, good barns, finest piece of property and most up-to-date in town. Inquire of J. C. James.

Geo. P. Englehard, candidate for the nomination of congressman from the tenth congressional district, is scheduled to speak at Antioch next Saturday evening. Turn out and hear him if you wish to hear a real live speech in which some of the most important issues of the day will be ably discussed.

At the home of Mr. and Mrs. Frank Palmer north of town on Monday September 5, occurred the christening of their daughter May Alice, Rev. F. R. McNamer officiating. These present were Mr. and Mrs. Edward Polka of Oak Park, Misses Anna and May Polka, Miss Jessie Leimpera, Mr. and Mrs. Frank Ligler and children of Chicago, Mr. Bruce of Lake Geneva, Mrs. Wendell, Mrs. Kay, Mr. and Mrs. Jerrod and Miss Zellinger of Antioch and Mr. and Mrs. Walter Palmer of Loon Lake. Miss Zellinger and Mrs. Jerrod rendered a number of musical selections and the time was most pleasantly spent by all. The little one was the recipient of many pretty gifts.

Chas. Wilton was a Chicago passenger Tuesday.

Born to Dr. and Mrs. J. H. Reading on Saturday, Sept. 3, a girl.

Mrs. Kettlehut and children returned Monday from a week's visit at Geneva Junction Wis.

Don't miss the opportunity of hearing Geo. P. Englehard speak Saturday evening of this week.

For Sale—Any kind of winter vegetables or fruits for canning purposes. Imi H. S. Message, Antioch, Ill.

Dan Schneider wife and daughter of Chicago were the guests of Mr. and Mrs. E. L. Simons over Sunday and Labor day.

The East Fox Lake Cemetery society will meet with Mrs. Sid Barnstable on Thursday, September 15. Picnic dinner. Visitors welcome.

There will be a grand ball at the Wadsworth M. W. A. hall, Friday evening, September 9. The Haynes orchestra of four pieces will furnish the music. Tickets 75 cents per couple.

New fall samples now on hand. Select your own goods from my samples and have your new fall suit made by your own measurement. Every suit guaranteed to fit. Also a selection of dress goods by the yard at Chicago prices. Mrs. A. G. Watson.

A 16-year old Chicago lad while out hunting with another lad last Sunday met with a serious and painfully accident when in some manner one of the guns was discharged tearing away the little finger and part of his left hand and wrist. He was sent to a hospital in Chicago for treatment.

Quite a number from here attended the annual "Galpin Day" clam bake last Sunday. This year the feast was held at Long Lake and the usual good time was had by everyone. At eleven o'clock the guests were served with clam chowder, and at two a New England dinner was served and at four the bake was opened and the principal meal of the day was partaken of.

Local Announcements and the Elgin Butter Market

Miss Helen Orne of Chicago is the guest of Mrs. E. L. Simons.

Low Lewis of Waukegan visited his brother E. J. at this place this week.

Mrs. Emily Bower of Cleveland, O., visited Miss Lillian Fairman Monday.

Pat Burke of the Chicago police force is spending his vacation with relatives and friends here.

John Drury is again quite seriously ill but is reported somewhat better this (Thursday) morning.

Many local people are attending the county fair this week and from all reports it is better this year than ever before.

Mrs. R. G. Stauter returned to Chicago Monday evening after having spent the past ten days as the guest of Mr. and Mrs. C. E. Kelly.

Mrs. Spengburg and son Harold returned to the city Saturday after spending two weeks and Loon Lake the guests of Miss Lillian Fairman.

For Sale—Twelve lots in Loon Lake subdivision at Loon Lake, size 150x50. Prices range from \$75 to \$100. For particulars inquire of Nettie Park at the new store. 50w4.

See Alden, Biding & Co. for and thing in music. Pianos, phonographs and records. Two stores, 473 Market street, Kenosha, and 209 N. Genesee street, Waukegan. For piano tuning send to us.

I will be at the home of H. J. Barber Sunday, September 11. Those wishing their eyes examined please call before 3:30 p. m. School children's eyes examined free of charge until October 1. C. H. Barber, Opt. D.

Dr. W. W. Warriner has purchased of John Dupree the lot south of the Dupree residence on North Main street. When interviewed the doctor stated that he had bought it as a matter of speculation. We wonder—

Geo. P. Englehard has announced the following dates for this week. Wednesday he spoke to appreciative audiences at Highland Park and Highwood, and today (Thursday) he will talk at Libertyville, while Saturday he will speak at Grayslake, Lake Villa and Antioch.

"Billie" Riley on Tuesday received from Arnie Biglow a crate of fine large apples picked on the Biglow ranch at Peshastin, Washington. The fruit is certainly of a fine variety and as a special favor a few of his friends have been allowed to sample their flavor.

Five hundred hunters lay in rushes or in grass boats at Grass Lake, Ill., on Sept. 1, awaiting the dawn of the duck shooting season. The bombardment continued until dark. Hugo Kelly, the prize fighter, Albert Overton of Antioch, and Dr. Peeve each killed 19 ducks; Thomas O'Brien of Grass Lake killed fifteen and Gideon Thayer eleven. Waukegan Sun.

Cross Lake appears to be still in the lead as far as fishing is concerned, Gus Smith of Chicago having landed several fine strings there the past week. On Saturday his catch consisted of one pickerel weighing eleven and one half pounds and another weighing nine and three quarters pounds besides several others weighing from three to five pounds apiece. Mr. Smith is the guest of C. E. Kelly and C. E. making the most of his friend's ability as an angler, took advantage of the meat trust by giving a fish dinner to a number of his relatives and friends on Labor day. Among those who availed themselves of the opportunity of being present were A. W. Bower and wife of Cleveland, Ohio, Robert Kelly, Mr. and Mrs. R. G. Stauter, Frank Wilkinson, Ernest and Clair Kelly, and Gus Smith of Chicago, Mr. and Mrs. Wm. Kelly and daughter Effie of Antioch, also Mr. Nizzen of the Isle of Mann and Maebelle King. We are in a position to vouch for Mr. Smith's ability as a fisherman for through his generosity we were enabled to partake of a couple of fine bass for dinner one day this week.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it; and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root. If you do you will be disappointed.

INDEPENDENCE ON THE FARM

**SPLENDID RESULTS FOLLOW
FARMING IN THE CANADIAN
WEST.**

**Americans in Canada Not Asked to
Forget That They Were Born
Americans.**

Farm produce today is remunerative, and this helps to make farm life agreeable. Those who are studying the economics of the day tell us that the strength of the nation lies in the cultivation of the soil. Farming is no longer a hand-to-mouth existence. It means independence, often affluence, but certainly independence.

Calling at a farm house, near one of the numerous thriving towns of Alberta, in Western Canada, the writer was given a definition of "independence" that was accepted as quite original. The broad acres of the farmer's land had a crop—and a splendid one, too, by the way—ripening for the reapers' work. The openness of the crop, covering field after field, attracted attention, as did also the neatness of the surroundings, the well-built substantial story-and-a-half log house, and the well-kept sides of the cattle.

The broken English—he was a French Canadian—was easily understandable and pleasant to listen to. He had come there from Montreal a year ago, had paid \$20 an acre for the 320-acre farm, with the little improvement it had. He had never farmed before, yet his crop was excellent, giving evidence as to the quality of the soil, and the good judgment that had been used in its preparation. And brains count in farming as well as "brawn." Asked how he liked it there, he straightened his broad shoulders, and with hand outstretched towards the waving fields of grain, this young French Canadian, model of symmetrical build, replied: "Go gosh, yes, we like him—the farm—well, don't we, Jeannot?"

As he smilingly turned to the young wife standing near, she had accompanied him from Montreal to his far-west home, to assist him by her wisely help and companionship, in making a new home in this new land. "Yes, we come here wan year ago, and we never farm before. Near Montreal, no father, he kep de grise mill, an' de cardin' mill, an' de gosh! he run de cheese factor' too. Ho work, an' me work, an' us work tann bar, de gosh! Us work for de farmer; well 'don, sometin' go not always w'at you call

RANG THE BELL, ALL RIGHT

Estimates of Yield of Wheat in Western Canada for 1910 More Than One Hundred Million Bushels.

"Go right, an' de farmer he say de 'mean' thing, de gosh! and tell us go, —well, anyway he tann bar, now," and then he waved his hand again towards the fields, "I 'ave no bodder, no cardin' mill, no grise mill, no cheese factor'. I am now de farmer man, an' when me want to, me can say to de order follow you go—! Well, we like him—the farm—! And that was a good definition of independence.

Throughout a trip of several hundred miles in the agricultural district of Western Canada, the writer found the farmers in excellent spirits, an optimistic feeling being prevalent everywhere. It will be interesting to the thousands on the American side of the line to know that their relatives and friends are doing well there, that they have made their home in a country that stands up so splendidly under what has been trying conditions in most of the northwestern part of the farming districts of the continent. With the exception of some portions of Southern Alberta, and also a portion of Manitoba and Southern Saskatchewan the grain crops could be described as fair, good and excellent. The same drought that affected North and South Dakota, Montana, Minnesota, Wisconsin and other of the northern central states extended over into a portion of Canada just mentioned. But in these portions the crops for the past four or five years were splendid and the yields good.

The great province of Saskatchewan has suffered less from drought in proportion to her area under cultivation than either of the other provinces. On the other hand, instead of the drought being confined very largely to the south of the main line of the C. P. R., it is to be found in patches right through the center of northern Saskatchewan also. In spite of this, however, Saskatchewan has a splendid crop. A careful checking of the averages of yield, with the acreages in the different districts, gives an average yield of 15½ bushels to the acre.

In Southern Alberta one-fifth of the winter wheat will not be cut, or has

been re-sown to feed. There are individual crops which will run as high as 45 bushels on acres of 600 and 1,000 acres, but there are others which will drop as low as 15. A safe average for winter wheat will be 10 bushels. The sample is exceptionally fine, excepting in a few cases where it has been wrinkled by extreme heat.

The northern section of Alberta has been naturally anxious to impress the world with the fact that it has not suffered from drought, and this is quite true. Wheat crops run from 20 to 30 bushels to an acre, but in a report such as this it is really only possible to deal with the province as a whole and while the estimate may seem very low to the people of Alberta, it is fair to the province throughout.

When the very light rainfall and other eccentricities of the past season are taken into account, it seems nothing short of a miracle that the Canadian West should have produced 102 million bushels of wheat, which is less than 18 million bushels short of the crop of 1909. It is for the West generally a paying crop and perhaps the best advertisement the country has ever had, as it shows that no matter how dry the year, with thorough tillage, good seed and proper methods of conserving the moisture, a crop can always be produced.

As some evidence of the feeling of the farmers, are submitted letters written by farmers but a few days ago, and they offer the best proof that can be given.

Malden, Sask., Aug. 4, '10.
I came to Malden from Menominee, Wis., four years ago, with my parents and two brothers. We all located homesteads at that time and now have our patents. The soil is a rich black loam as good as I have ever seen. We have had good crops each year and in 1909 they were exceedingly good. Wheat yielding from 22 to 40 bushels per acre and oats from 40 to 80. We are well pleased with the country and do not care to return to our native state. I certainly believe that Saskatchewan is just the place for a hustler to get a start and make himself a home. Wages here for farm labor range from \$35 to \$45 per month.
Leo Dow.

Tofield, Alberta, July 10, 1910.
I am a native of Texas, the largest and one of the very best states of the Union. I have been here three years and have not one desire to return to the States to live. There is no place I know of that offers such splendid inducements for capital, brain and brawn. I would like to say to all who are not satisfied where you are, make a trip to Western Canada; if you do not like it you will feel well repaid for your trip. Take this from one who's on the ground. We enjoy splendid government, laws, school, railway facilities, health, and last, but not least, an ideal climate, and this from a Texan.
O. L. Pugh.

James Normur of Porter, Wisconsin, after visiting Dauphin, Manitoba, says: "I have been in Wisconsin 25 years, coming out from Norway. Never have I seen better land and the crops in East Dauphin are better than I have ever seen, especially the oats. There is more straw and it has heavier heads than ours in Wisconsin. "This is just the kind of land we are looking for. We are all used to mixed farming and the land we have seen is finely adapted to that sort of work. Cattle, hogs, horses and grain will be my products, and for the live stock, prospects could not be better. I have never seen such cattle as are raised here on the wild prairie grasses and the vetch that stands three or four feet high in the groves and on the open prairie."

Sir Wilfred Laurier Talks to Americans.

Sir Wilfred Laurier, Premier of Canada, is now making a tour of Western Canada and in the course of his tour he has visited many of the districts in which Americans have settled. He expresses himself as highly pleased with them. At Craig, Saskatchewan, the American settlers joined with the others in an address of welcome. In replying Sir Wilfred said in part:

"I understand that many of you have come from the great Republic to the south of us—a land which is akin to us by blood and tradition. I hope that in coming from a free country you realize that you come also to another free country, and that although you came from a republic you have come to what is a crowned democracy. The King, our sovereign, has perhaps not so many powers as the President of the United States, but whether we are on the one side of the line or the other, we are all brothers by blood, by kinship, by ties of relationship. In coming here as you have come and becoming naturalized citizens of this country no one desires you to forget the land of your ancestors. It would be a poor man who would not always have in his heart a fond affection for the land which he came from. The two greatest countries today are certainly the United Kingdom of Great Britain and Ireland and the Republic of the United States. Let them be united together and the peace of the world will be forever assured."

"I hope that in coming here as you have, you have found liberty, justice and equality of rights. In this country, as in your own, you know nothing of separation of creed and race, for you are all Canadians here. And if I may express a wish it is that you would become as good Canadians as you have been good Americans and that you may yet remain good Americans. We do not want you to forget what you have been; but we want you to look more to the future than to the past. Let me, before we part, tender you the sincere expression of my warmest gratitude for your reception."

SCALDED TO DEATH

**ENGINEER TUCKER LOSES HIS
LIFE IN ILLINOIS CENTRAL
WRECK.**

MANY PASSENGERS ARE HURT

**Panic Ensues When Cars, Which Were
Well Filled, Turn Over—In-
jured Are Removed
to Decatur.**

Galesburg, Ill.—Engineer Frank Tucker was killed, three other persons were probably fatally injured and a dozen or more were less seriously hurt Monday when passenger train No. 5 on the Illinois Central railroad jumped the track eight miles east of here and went into the ditch.

The accident occurred on a sharp curve and all cars except one left the track and fell over on their sides.

Tucker was caught on the gangway between the tender and the locomotive when the engine plunged through the open rail and turned over. He was pinned by a steel plate that held him suspended by the feet until he was scalded to death by steam escaping from a broken pipe.

In the first confusion it was reported that four passengers had been buried under one car and a mail clerk killed when the car was smashed. All were later accounted for.

Every car but the last, which was a diner, left the track. The train turned over, throwing many passengers across the cars. A wild panic ensued. Screams and moans were heard above the loud hiss of the steam escaping from the engine and passengers in terror fought their way across the berth and seat slides to doors and windows.

Several passengers in the diner narrowly escaped serious injury when china and glassware was scattered over the car. Flying glass in other cars added to the scenes of terror.

Train No. 5, the fast mail, the popular Illinois Central train for western Iowa and South Dakota points, carries three sleeping cars, one chair car, and a through coach to Sioux city.

The train was said to be a few minutes late and was making up time when the accident occurred.

The heavy steel back of the mail coach broke the shock and prevented a much worse disaster. Doctors from here were rushed out and relief and a wrecking train from Dubuque was sent to the place of disaster with doctors and nurses. The injured were taken to Dubuque hospitals.

DOUBTS ROOSEVELT'S WORD

**Man Creates Scene at Fargo as
Colonel Completes His Labor-
Day Address.**

Fargo, N. D.—Colonel Roosevelt was called a liar here Monday to his face. The dramatic incident occurred at the close of his Labor-day address, which was heard by 15,000 people despite heavy intermittent showers.

As the colonel ended his speech a man on the platform confronted him and asked: "Who is paying for this trip of yours?" Mr. Roosevelt's face flushed and he replied: "I do not know that it is any of your business, but I don't mind telling you that it is paid for by the Outlook Publishing company."

"You are a liar," retorted the man. "People of the United States are paying for it."

Instantly he was seized, hustled from the platform and turned over to the police, who refused to tell his name. Not many heard the exchange of words, so there was little excitement. Colonel Roosevelt maintained his composure admirably, and did not discuss the incident.

200-MILE RACE TO AITKEN

**Wins Big Event at Indianapolis Auto
Meet—Hearne First in
Free-for-All.**

Indianapolis.—Aitken, in a National, won the 200-mile race, two laps ahead of the field. His time was 2:47:54.74. Dawson's time in the last 200-mile race for the Cobe trophy at the speedway in July was 2:43:20.3. Dawson dropped out because of a broken coupling. Livingston in a National was second; Brundage in a McFarlane, was third; and Grolier, in a National, fourth. Twelve cars started.

Eddie Hoarne, driving a big German Benz car of 120 horse-power, ran away from a field of eight starters in the 50-mile free-for-all open race, finishing in front of his nearest competitor, Harroun, in a Marmon, by more than half a lap. Al Livingston, in a National, finished third, and DePalma, in a 200 horse-power Fiat, fourth. The time was 38:02.55, a fraction of a minute short of the national speedway record of 37:55.53, set by DePalma on the Los Angeles track.

Woman of Sixty Swims Five Miles. St. Louis.—Mrs. Andrew Brundager, sixty years old, swam more than five miles in the Mississippi river in two hours Monday. Her liking for the water sport found its beginning only six years ago, when a physician advised her to learn to swim for her health.

Family of Seven Massacred. Rome.—A family of seven was massacred by members of the Black Hand at Mellari, according to a dispatch received from that village.

A STITCH IN TIME

Every form of cutaneous disease could be cured in its incipency if a jar of Rosinol Ointment were kept at hand. A little of this excellent Ointment applied in time will effectually ward off and cure a startling trouble which, if neglected, may prove a troublesome and often obstinate case of Eczema or other disfiguring skin disease. For burns, scalds, slight wounds, sores, eruption of poison ivy, sunburn, it is a quick and sure remedy, usually curing these troubles over night. To the unfortunate sufferer with Hemorrhoids (itching or Inflamed Piles) Rosinol ointment is indeed a godsend. The intense pain and intolerable itching of this trouble is instantaneously relieved and a cure effected in a very short time.

The bath room or family medicine case is incomplete if not equipped with Rosinol Soap and Ointment. They are most valuable accessories in every well regulated household, and can be obtained at any drug store.

Rosinol Medicated Shaving Stick is also highly appreciated by men who regard a good complexion and a face free from pimples and blotches.

Booklet on Care of the Skin and Complexion sent free on application. Rosinol Chemical Co., Baltimore, Md.

Gleaming Lightning.

Yesterday the inhabitants of Lewis-ham were provided with a specimen of that curious phenomenon known as "gleaming lightning." It is what is commonly called the "fire ball," and as it persists for several seconds it is obviously of a totally different character from any other form of lightning. It is much less brilliant than ordinary lightning, and its brightness appears to be that of iron at the "red hot" stage.

It is not, as some accounts might lead one to infer, a solid missile, but it is always spherical and appears to fall from a thunder cloud by its own gravity, sometimes rebounding after striking the ground.—London Globe.

When the Fish Exploded.

Somebody discovered that fish are fond of gasoline, and this led to the idea of soaking worms in gasoline, in order to make them more alluring when used for bait.

Mark the result:
Two of those gasoline-tempted fish exploded in the frying pan, and broke the kitchen window, and blew the cook's face full of mashed potato, and hurled the teakettle into the flour barrel, and painted the kitchen ceiling with stewed tomatoes.

Call it a lying word and let it go at that.

A Likening for "Hamlet."

"Do you like Hamlet?" asked the hostess of her unlettered, if gushing, guest.

"Indeed I do," was the reply. "I am excessively fond of it, but I always prefer a savor to a sweet one."

There was a momentary confusion, and then the hostess realized that the admiration of the guest was of a culinary, not literary, character.

"I gave her ham with an omelette for breakfast next morning," said the hostess, when telling the story.—Scraps.

Active Possession.

Guinevere, aged four, was going out to walk with a young lady, of whom she was very fond. As they opened the street door they were met by a swirling cloud of dust, blown up from the thoroughfare.

"Keep your lips tightly closed, Gwyn, or you'll get your lungs full of microbes," warned the young lady.

Guinevere pondered a moment and then, looking up, demanded:
"What are your robes?"—National Monthly.

"NO FRILLS"

Just Sensible Food Cured Him.

Sometimes a good, healthy commercial traveler suffers from poorly selected food and is lucky if he learns that Grape-Nuts food will put him right.

A Cincinnati traveler says: "About a year ago my stomach got in a bad way. I had a headache most of the time and suffered misery. For several months I ran down until I lost about 10 pounds in weight and finally had to give up a good position and go home. Any food that I might use seemed to nauseate me."

"My wife, hardly knowing what to do, one day brought home a package of Grape-Nuts food and coaxed me to try it. I told her it was no use but finally to humor her I tried a little, and they just struck my taste. It was the first food I had eaten in nearly a year that did not cause any suffering."

"Well, to make a long story short, I began to improve and stick to Grape-Nuts. I went up from 135 pounds in December to 194 pounds the following October."

"My brain is clear, blood all right and appetite too much for any man's pocketbook. In fact, I am thoroughly made over, and owe it all to Grape-Nuts. I talk so much about what Grape-Nuts will do that some of the men on the road have nicknamed me 'Grape-Nuts,' but I stand today a healthy, rosy-cheeked man—a pretty good example of what the right kind of food will do."

"You can publish this if you want to. It is a true statement without any frills."

Read the little book, "The Road to Wellville," in pligs, "There's a Reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Stranger—I suppose you people in this town think you have the grandest climate in the country?
Man With a Cold—No; but we claim the grandest variety.

A MARVELOUS RECOVERY.

How a Chronic Invalid Regained Perfect Health.

Mrs. Ray, Trusner, 30 West Third St., New Albany, Ind., says: "Kidney disease had rendered me a chronic invalid. I lay in bed unable to move hand or foot. My right limb was swollen to twice normal size. I looked the picture of death and my case puzzled the doctors. The kidney secretions were highly colored and scalded terribly. Marked improvement followed the use of Doan's Kidney Pills. In six weeks I was a well woman. My friends and relatives marvel at my recovery."

Remember the name—Doan's.

For sale by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

About the size of your shoes, many people wear smaller shoes by using Allen's Foot-Powder, the Antiseptic Powder to shake into the shoe. It cures Tired, Swollen, Aching Feet and gives rest and comfort. Just the thing for breaking in new shoes. Sold every where. Sample sent FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

And the only way to impress some people is to suppress them.

WESTERN CANADA'S 1910 CROPS

Wheat Yield in Many Districts Will Be From 25 to 35 Bushels Per Acre

Land sales and homestead entries increasing. No cessation in numbers going from United States. Wonderful opportunities remain for those who intend making Canada their home.

New districts being opened up for settlement. Many farmers will not this year, \$10 to \$15 per acre from their wheat crop. All the advantages of old settled countries are there. Good schools, churches, splendid markets, excellent railway facilities. See the grain exhibits at the different State and some of the County fairs.

Letters similar to the following are received every day, testifying to satisfactory conditions; other districts are as favorably spoken of:

THIS SENT FOR THEIR SON.

Malden, Sask., Canada, Aug. 28, 1910.

"My parents came here from Cedar Rapids, Iowa, four years ago, and were so well pleased with this country they sent for their son for me. I have taken up a homestead near here, and am perfectly satisfied to stop here."
Leonard Douglas.

WANTS SETTLER'S RATE FOR HIS STOCK.

Stettler, Alberta, July 31st, 1910.

"I got up here from Forest City, Iowa, last Spring in good shape with ten stock and everything. Now, I have got two boys back in Iowa yet, and I am going back there now soon to get them. I will either go here or there. What I would like to know is, if there is any chance to get a cheap rate back here, and when we return to Canada I will call at your office for my certificate."
Yours truly, H. A. Wile.

WILL MAKE HIS HOME IN CANADA.

Amherst, Minn., Aug. 1st, 1910.

"I am going to Canada a week from today and intend to make my home there. My husband has been there six weeks and is well pleased with the country, so he wants me to come as soon as possible. He filed on a claim near Lethbridge, Sask., and by his description of it, it must be a pretty place."

Send for literature and ask the local Canadian Government Agents for Excursion Rates, best districts in which to locate, and when to go.

Erskine of Waukegan, called on friends and took supper with the Ladies' Aid society.

The C. E. business meeting will be held at the home of Misses Clara and Alice Nelson at Loon Lake Friday, Sept. 9.

HICKORY

A week from this Friday evening a first class entertainment will be given in the Hickory church. Let everybody reserve the date and plan to be present.

BRISTOL

Mary Stevens returned to California last week.

Miss Jocie Berger of Munster, is the guest of Elsie Lehans.

Lyle Sizer of Elkhorn, Wis., visiting his old friends and schoolmates here.

Miss Jessie Shumway spent Labor Day with her sister, Mrs. Will Foulke.

Fannie Pringle left Sept. 1, for Yankton, S. D. where she is to teach school this winter.

Ernest Blish of Chicago, was calling on old friends and relatives from Sunday till Monday.

Mrs. Buttrick and Mrs. Bothley were visiting friends here for a few days last week.

Mrs. Addie Jackson and daughter Ethel of Rockford, Ill., are visiting friends here for a few days.

Miss Stella Karcher of Bassetts, visited at the home of Miss Edith Snyder a few days last week.

A very pretty home wedding took place Tuesday, September 6, at 12:00 o'clock at the home of the bride's parents, Mr. and Mrs. E. S. Castle, when their daughter, Miss Emma, was united in marriage to Charles F. Parkins, Rev. Vreeland reading the ceremony.

The groom was attended by Charles Castle, a brother of the bride, and the bride was attended by Miss Belle Hunt. After congratulations were extended they were ushered into the dining room where a bounteous dinner awaited. The

out of town relatives and friends who were present are: Mr. and Mrs. Parkins of Detroit, Mich., parents of the groom; Mr. and Mrs. Harry Castle and son Merrill of Chicago; Mr. and Mrs. Hoyt and son Harry of Waukegan, Mr. and Mrs. Shatswell and Miss Maud, Mr. and Mrs. L. Holbrook, and Mr. H. Holbrook of Kenosha; Mrs. Hartnell and daughters Olive and Lorn, Mr. Huntoon and son Roger, Mr. and Mrs. Burgess and Mr. and Mrs. Ira Brown of Salem; Mr. and Mrs. Will Gunter and Allen Turner of Kenosha; Mr. and Mrs. Benson of Genoa Junction; Mrs. Barter of Harvard and Mrs. Arthur Gaines of Sheboygan.

The bride is popular and well liked in Bristol, her home throughout her life, as she is in fact esteemed wherever known for she is a young lady possessing those qualities that win approbation and a wide circle of friends.

The groom is well known and equally well liked, his exemplary habits, his industry and his affable manners making him welcome among old and young alike.

Mr. and Mrs. Parkins were the recipients of a costly array of useful and beautiful presents.

After a brief wedding trip in Michigan and other place they will resume their life's responsibilities in Bristol where the best wishes of a host of friends will accompany this worthy couple.

Don't Break Down

Severe strains on the vital organs, like strains on machinery, cause breakdowns. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. Is you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless, tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c. at J. H. Swan's.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. **FOR KIDNEY, LIVER AND STOMACH TROUBLE** It is the best medicine ever sold over a druggist's counter.
